Appendix H

Open Spaces Committee proposal - J1110A Inclusive Slide at Bourdillon Mound

Spending £2,751.79 for the installation of a slide worth £4,503.00

J110A slide

Proludic offered a voucher at the time of Gardiner Playground installation for £7500 for additional Proludic items to be spent in the calendar year 2026. It can only be spent on specific items from the catalogue, and not on peripheries.

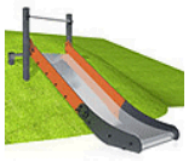

Numbered 1 in the overhead design

There is space on the mound at Bourdillon on the zip-line side. It has been used this year by bike riders. Adding another large play item will discourage bike riders from inappropriate usage of the mound. We would use the value of £4,503 from the voucher for the slide.

The cost of £2,751.79 is for preliminaries,installation, grass matting, delivery. The cost breakdown is as below:

Quotation for Bourdillon Field - Goring- Phase 2

Qty		Code	Product Name	Unit Price	Total Line Price
